Litetronics has been innovating within the lighting industry for nearly 50 years, but we know the effort doesn’t end with our products. Our persistent commitment to quality drives us to develop better processes that put our customers first. Here’s a few of the reasons to consider Litetronics.

**INNOVATION. SIMPLIFIED.**

The Litetronics LED Flat Panel offers superior ease of installation, which decreases the labor time and cost of your project. Below is a quick overview of the features that make installation a snap.

**Consistency is Key**

Consistent lighting, from fixture to fixture, can have a drastic impact on the look of an environment, as well as the perception of it’s occupants or visitor. Below is a companion.

**Built for Efficiency**

Thin lighting surface, steel backing and aluminum assembly frame dissipates heat, keeping your fixture cool and improving overall efficiency.

**Simple Access**

Unscrew Splice Box cover to access all wiring components. There are going to conduct through available knock-outs.

**Easy Wiring**

Detach Removable Driver from panel and make wiring connections in the most convenient position. No more stretching or straining to reach.

**Built-in Support**

Flex T-bar Grid Clips into the hook position and lower panel onto ceiling grid. Clips attach easily and provide extra stability.

**Simple Access**

---

**LED FLAT PANEL**

Surprisingly simple. Significant savings.
Energy Savings
Uses 75% less energy than fluorescent fixtures. Disrupts heat, lowering HVAC costs.

Eligible Rebates
Eligible for federal and utility rebates.*

Longer Life
Industry leading 100,000 hour rated life 2.5 times the life of fluorescent fixtures.

Maintenance Free
No routine tube or ballast replacement. Sealed enclosures prevent dust intrusion build-up.

Easy Installation
Wire in and power up in minutes. Lightweight makes handling a breeze.

Perfect Fit
Various sizes fit any grid/drop ceiling.

Features
• 10 year warranty
• 100,000 hour rated life
• Removable driver
• Integrated Grid Clips
• Universal 120-277V
• 0-10V Dimming
• Powerful heat sink
• Damp location rated

Options
• Available sizes: 1'x4’ | 2’x2’ | 2’x4’
• Wattages: 30W | 40W | 50W
• Color Temperatures: 3500 | 4000 | 5000
• Up to 120 Lumens per watt
• DLC Premium & Standard listed

Ludelines offers a variety of mounting options to meet any application.
