

## LED STRIP RETROFIT

Our LED Strip Retrofit gives you the polished look of a new diffuser lens without the hassle of installing new fixtures. It can be assembled in single or continuous row mounting for seamless lighting enabled by connectability and illuminated end caps.

The process is quick and easy. Clips and adjustable brackets allow for a universal retrofit of narrow and wide strip fixtures. No need to dispose of existing housing or touch up ceiling paint after install.

### KEY FEATURES/BENEFITS

- DLC Premium (130 LPW)
- Suitable for damp locations
- Safe for food service applications
- Adjustable brackets fit 2.75" - 5" wide housings
- 0-10V dimming\*
