(4) Washers

(1) Installation Instructions

Before Installation, carefully remove all parts from the packaging.
Inspect product for defects due to shipping.
Refer to Round High Bay Installation Instructions for reference.

1. Turn off power of lamp.

2. Remove any 4 screws 90° apart from lens frame of lamp.

3. Place and align 4 diffuser bracket holes over the 4 lens frame holes original screws were removed from.

4. Tighten screw, lock washer and washer through each diffuser bracket hole to the High Bay lens frame.

Note: Orientation of screw and washers.
