LED VAPOR TIGHT STRIP

DESCRIPTION

The LED Vapor Tight Slimline Strip is a uniquely slim and durable industrial fixture well-suited for harsh environments both indoor and outdoor.

At only 1.8" in diameter, this compact fixture works well in tight spaces. It can be surface mounted to a ceiling or wall, or suspension mounted depending on the application. It can also be directly connected to 1/2" NPT conduit and daisy chained to cover more ground from a single power source .

Designed for specifically harsh environments, this vapor tight fixture provides protection against moisture, vapors or dust. It's IP67 and IK10 ratings guarantee it's durability in challenging applications. The fixture is also NSF rated for use in food processing and food safe environments. Even the stainless steel mounting hardware is corrosion resistant, providing long term peace of mind that your LED lighting is up to task.

FEATURES

- IP67 and IK10 rated
- NSF rated
- Corrosion resistant (fixture and mounting hardware)
- DLC 5.1 Standard (up to 130 LPW)
- Daisy chain capabilities
- Direct connection to 1/2" NPT conduit
- 0-10V dimming
- 50,000-hour rated life
- 5 year warranty
- 5' cable attached

APPLICATIONS

- Commercial
- Industrial
- Manufacturing
- Warehouse
- Display
- Corridors
- Cold Storage/Freezers
- Stairways
- Car washes
- Parking Garages

MOUNTING

- Surface
- Suspension
- Continuous row

CERTIFICATIONS

SPECIFICATIONS

Life (@L70): 50,000 hours
Warranty: 5 years
PERFORMANCE
Operating temp: -22°F to 122°F (-30°C to 50°C)
Efficacy (LPW): 130 LPW
CRI: 80
ELECTRICAL
Input voltage: 120-277V
Input frequency: 50/60Hz
PF: ≥.91
THD: <20
Surge protection: N/A
Dimming: 0-10V
Minimum dimming: 6%
Aux. Voltage: N/A
Driver CL: No
Whip/Cord: Yes, 5'
Sensor: N/A

OPTICAL
Beam: 120°
Lens: Polycarbonate Frosted
UGR: >28
PHYSICAL
Finish: Smooth
Color: White
Housing: Aluminum + PC

INDUSTRY STANDARDS/RATINGS
IP: 67
IK: 10
Location: Wet
IC: N/A
UL/ETL: UL
NSF: Yes
FCC: Yes
RoHS: Yes
DLC: 5.1 Standard

VT30US450P					

INSTALLATION

OVERVIEW

CONNECTABILITY

The LED Vapor Tight can be daisy chained, enabling coverage of a larger area from one power source.

Max number of fixtures that can be connected:

WATTS	MAX QUANTITY IN DAISY CHAIN
30	33
55	18

Above: The stock end cap has been removed and replaced with the connectable liquid-tight fitting (included), facilitating the connection between two fixtures while maintaining the same protection from the elements. This liquid tight-fitting also enables a direct connection to 1/2" NPT conduit.

ORDERING

ORDERING CODE	DESCRIPTION	TYPE	WATTS	VOLTS	CCT (K)	LUMENS
VT30US440P	30W 4' LED VAPOR TIGHT 120-277V 4000K	4'	30	120-277	4000	3,900

ORDERING CODE	DESCRIPTION	ACCESSORY USE
EB10	10W Emergency Battery Backup	Supplies battery backup to an individual fixture for up to 90 minutes. <u>Must be ordered with EBCM or EBAM indicator module.</u>
EBCM	Ceiling-Mounted Indicator Module	This Ceiling-Mounted Indicator Module (EBCM) can be used with one of Litetronics' emergency battery backup products (EB10, EB10N or EB20) to provide a visual confirmation of the operational status of the EBB unit. This module is typically used in grid ceiling applications where it is recess mounted in a panel adjacent to the fixture.
EBAM	Adhesive-Mounted Indicator Module	This Adhesive-Mounted Indicator Module (EBAM) must be used with one of Litetronics' emergency battery backup products (EB10, EB10N or EB20) to provide a visual confirmation of the operational status of the EBB unit. This module is typically used in open ceiling or drywall ceiling applications where the module is applied to the side of the fixture, mounting kit, or a nearby structural element.
TR01	Test Remote Control	Used for testing and demonstrating the functionality of EB10 emergency battery backup integrated products. • Only one remote required per area, building or site as necessary.
VTAM01	4' Vapor Tight Suspension Mount Kit	Used to suspend 4' Vapor Tight light (Use brackets from the Fixture Package and discard the brackets in the Mount Kit).
VTAM02	8' Vapor Tight Suspension Mount Kit	Used to suspend 8' Vapor Tight light (Use brackets from the Fixture Package and discard the brackets in the Mount Kit).
